ANASTASIA KAROBIA

SOFTWARE DEVELOPER

Anastasia is a determined software developer who is well-versed in product design principles and the development process. She is enthusiastic about learning and developing technology solutions to challenges that already exist. She has leveraged her knowledge of the Django framework, Javascript, HTML/CSS, and Kotlin to create new products that are both unique and tailored to the demands of the consumers. A demanding atmosphere motivates her to study and grow as a creative thinker.
